## Protectapeel, Film, Board

This document is designed to compare the cost of protecting 5,000m<sup>2</sup> of glass using protective film, protective board and Protectapeel. We have used the wage rate of £25 per hour (including all employer costs) and the estimate that when damage does occur that it is a rate of 2.5% of the substrate to be replaced at a total cost of £500m<sup>2</sup>. The calculations have been objective and independently reviewed by experts in the industry.
